

Is your business prepared for summer power outages?

Low-Interest Disaster Resiliency Microloans Available

Loans up to \$50k with interest as low as 3%

EDFC is a local, non-profit, mission-based lender. We have provided business financing in Mendocino County since 1995.

We currently have funds available to support businesses preparing for disaster resiliency such as:

- Installing a back-up generator or solar power
- Accessing working capital due to losses from power outages
- Improving earthquake reinforcement and escape routes
- And more! Give us a call to see if your project applies
