

Tuesday, October 6, 2020

Dear Editor,

It is extremely important that we choose the most qualified candidate to represent the needs of Ukiah as well as the county at large, and that's why I support Mari Rodin's bid for Second District Supervisor. Ms. Rodin is an intelligent, accomplished businesswoman with 11 years of experience on the Ukiah City Council—twice as mayor--and she has brought over 100 million dollars into various county agencies through her years of grant writing. She has a keen grasp of Ukiah's diverse population and she possesses the necessary diplomatic and negotiating skills to bring people together in the complex arena of county politics and topics. This is a difficult job, but I believe Mari will make a difference in making our county a better place for the future.

Sincerely,

Dr. Marwin Trotter
