The Mendocino Voice is an online, independent news-service that provides Mendocino County with breaking news, in-depth journalism, and useful community information.

Our reputation speaks for itself, while being locally owned and controlled, along with a focus on the needs of the community, have made us a trusted name in North Coast news.

Advertisements in the Voice reach local community members who are invested and active in the future of Mendocino County and the North Coast. We see our ad clients as partners – your ad dollars help us report the news that your employees and customers depend on. And as we grow, our advertising reach grows, giving you a better value for your money.

The old model of stuffing websites with random ads for useless gimmicks alienates readers. That’s why we only run ads for local businesses that are relevant to our readers. We understand that your advertisements add value to our site: readers want to learn about fires and COVID, but they want to know about your sale, and what your current hours are. We want to help you find the best way to connect your business with our readers during these extraordinary times. Advertising with The Mendocino Voice helps maintain our local economy – and as other local media declines, The Mendo Voice is only growing.

OPTIONS

We offer a variety of display ads, section sponsorships, sponsored content, and content partnerships. And advertising online means you have access to analytics, like impressions and clicks.
Advertising online means you can directly view the usage analytics.

**Most Recent Avg Stats**
- 185,000 pageviews a month
- 62,000 users a month
- 129,000 sessions a month

Our audience skews younger than traditional papers – which means we’re reaching the future of Mendocino County. More than 70% of our readers are under 55 years of age. And you really get two audiences in one: a set of dedicated readers around the county and region who return multiple times a day, and a much larger group of occasional readers, connecting you to community leaders across the region. We publish on multiple social media platforms, so your ad is shown to a range of audiences at the speed of the internet, not a printing press. Finally, our news goes directly to thousands of subscribers inboxes several times a week.

ADDITIONAL DETAILS
Ad week runs Monday - Sunday. Please submit by Friday noon for finalized ads to run the following Monday. We offer free ad swap once a week per ad position, per client. Please submit graphics in the appropriate dimensions as JPEGs no larger than 120kb.

AD DESGN
We offer in house graphic design for a small markup, with a quick turnaround. Rush order is also available.

We encourage you to have a chat with us before designing your ad. What looks best in a traditional print ad, may not be what looks best on a screen. These ads will mostly be seen on mobile phone screens, which are both very high resolution, and smaller, so it is best to optimize your ad with that consideration in mind. For more details on logo size and formatting contact us.

Finished ads should be submitted as .jpg and be no larger than 120kb.

Weekly ads run Monday through Sunday.

WHY YOU SHOULD CONSIDER ONLINE ADS

- We average 62,000 monthly readers on our site, tens of thousands on social media platforms.
- Our audience is engaged, and rates us as the most highly trusted news source in Mendocino.
- Readers visit the webpage multiple times a day, and see your message repeatedly, instead of once and then in the trash – and you can reach them on multiple platforms.
- Our demographics skew younger and more engaged than at traditional newspapers. Reach people making purchasing decisions for other businesses, or young families.
- We’re locally owned and creative – a local small business just like you, meaning we’re in this together, let’s make it work for our local economy.

How do we compare with other local advertising options?

Our online ads are seen more often, are more focused, more memorable, and most importantly – more actionable. Advertising is like a funnel, and we’re the shortest route connecting local readers to your website or a phone call.

In such a big county, you can only rely so much on foot traffic, or word of mouth. Especially since the pandemic, are you actually making enough sales with people stopping by? We can connect you directly with the local readers and visitors you’re trying to reach.

Billboards are fine for brute name recognition, but how many details do you remember from a billboard? And how much foot traffic does it actually bring in? We can send a wide regional audience right to your website to make a purchase or learn your story.

In paper print your ad is limited to a small number of issues – especially since print circulations have crashed. Most corporate chains keep their online news behind a paywall – excluding non-subscribers, and younger readers. We’ll never have a paywall, and we charge by week not by view or impression, so you know how long your ad is up and are seen on big news days.

In comparison to radio ads, our pages are seen more often, and repeatedly. How many people actually hear your ad? Radio receives a declining share of advertising space and listeners won’t get redirected to your site for more info while listening.

Finally, advertising directly with the social media companies is risky. People have learned to tune out social ads, and Facebook has consistently been shown to falsify records, and will show your ads to people outside of the area.
